ACADEMIC BACKGROUND

- Bachelor's in Software Engineering – UNIVILLE (2025 – In Progress)
- Technical Degree in Systems Development – SENAI (2022 – 2024)
- High School – SESI (2022 – 2024)

CERTIFICATIONS

- **Programming & Development**
  - Spring Boot(Udemy)
  - Java (Udemy)
  - Vue(Udemy)
  - React with Hooks and API (Udemy)
  - Python with Math (UDESC)
- **AI & Automations**
  - AI Agents with n8n (AI Builders)
  - Artificial Intelligence & Automation (AI Builders)
- **Others**
  - Advanced Excel (Udemy)
  - TOEIC – English
  - LÍDER PRO MUNDO (Conscious Capitalism)

KAUÊ OENNING

FULL STACK DEVELOPER

OBJECTIVE

Full Stack Developer focused on modern web solutions and intelligent automations. Practical experience with JAVA, React, Node.js, and Python, integrating Artificial Intelligence, databases, and n8n. I develop responsive, interactive, and efficient systems. Passionate about innovation, continuous learning, and the strategic use of AI to solve real-world problems. I aim to apply my technical creativity to challenging projects involving automation, AI, and high-impact software development.
